WELCOME

SIEMATEAK WOODEN WORKS

SIEMATEAK WOODEN WORKS was founded in 1993, At the lime of its establishment there was lack of quality and beauty. The founder who is in this field for more than 25 years, had a dream to change this. At SIEMATEAK WOODEN WORKS we make more than cabinets; we make dreams come true. At the Commercial level, we deliver quality at best value. For individuals, we make their dream come true by providing o beauty of Kitchen, custom made according to their taste and space available. It's our commitment which shows at the finishing. Our quest is to provide best price for the best quality

SIEMATEAK WOODEN WORKS was founded in 1993 as a wholesaler of Wooden Doors, Kitchen Cabinets, Wardrobes, Vanity Units and all Accessories connected to it. We used to procure from various sources and supplied it as one unit.

We used to procure Carcass from various suppliers within UAE. Doors and accessories were procured from Italy and Spain.

The competition in the market being very high, we had to cut down our prices. Not willing to reduce the quality of our goods, we decided to establish a factory of our own to produce the Carcasses. SIEMATEAK WOODEN WORKS was founded in early 1997 to produce and supply carcasses for over than 35 companies in UAE In addition, we decided to provide additional service as "SUPPLIER WITH TECHNICAL SERVICES". We started to provide technical services to our clients such as Professional Drawings, Technical drawings & Project Estimation.

We decided to deal directly with Contractors for the reason that many of our clients opened up their own factories. We entered the market with full force and very soon we established ourselves as reliable "SubContractors". We were able to register ourselves as sub contractors with Dubai Petroleum, Dubai Real Estate and Emaar properties. Our main philosophy was to supply high quality kitchens and that is why we were importing Doors from Italy and Spain.

We have exclusive material suppliers in Italy and Spain who supply their goods only to us in UAE.

We started manufacturing doors for Kitchen cabinets and Wardrobes. We imported postform panels and profiles from Spain and Turkey. We are making doors as per the individual desire of the client.

We established Aluminum Kitchen Line to produce 500 cabinets daily per shift. The Aluminum Line was established mainly as more and more contractors were opting for Aluminum Kitchens as desired by Building owners. This was done to match the commercial demand for this type of kitchens in addition to our MDF section.

INTRODUCTION & BUSINESS PHILOSOPHY

SIEMATEAK WOODEN WORKS was founded in 1993, At the lime of its establishment there was lack of quality and beauty. The founder who is in this field for more than 25 years, had a dream to change this. At SIEMATEAK WOODEN WORKS we make more than cabinets; we make dreams come true. At the Commercial level, we deliver quality at best value. For individuals, we make their AI Soroya Trading CO L.C. was created as Trading Agency for the supply of Kitchen Cabinets/Wardrobe And components to cater to the demand in the market for the quality goods. Later, o sister concern was established to manufacture the goods with high quality, as there was always demand for good quality. Our main policy is to produce materials of good quality and provide the best services possible to the clients. We manufacture, supply and fix kitchen cabinets, wardrobes, vanity units and many other components. dream come true by providing o beauty of Kitchen, custom made according to their taste and space available. It's our commitment which shows at the finishing. Our quest is to provide best price for the best quality available.

SIEMATEAK WOODEN WORKS

STRENGTH AND DISTINCTION

We pride our self in delivering end-to-end package of designing, manufacturing, Supplying and fixing.

Our main clientele being consultants and contractors of buildings. Prior to manufacturing, we prepare workshop drawings such as lay-out, elevation and perspective drawing on AutoCAD. We are well experienced in this field and well equipped to take on any kind or size of the project. We have completed many big & prestigious projects in UAE.

We have distinctive edge over other competitors in design, quality of work and after service. We have a thirst for knowledge and constantly develop more to keep pace with needs of our customers.

Our Engineering department is another pride of ours. We have well trained designing engineers both in AutoCAD and specialized 2D:2D kitchen program. This specialized kitchen program designs can be made from workshop drawings to complete elevation look of the finished product in many angles.

We also trade in hardware, accessories for kitchen & wardrobe. sanitary fittings, sink mixers and sinks from established companies in Italy. All kinds of Laminates including metal & compact, wall panelling is also available within our line.

SHOWROOM

To cater to the needs of individual clients we have established a big showroom of more than 400 sq.mt area in Industrial area no: 6 next to Al Noboodah Showroom. We do all works from initial measurement to drawings, elevation drawings and fixing to the complete satisfaction of our clients.

EXPERIENCE AND WORKING

We have 17 years of experience in UAE alone plus our experience in Bahrain, Qatar and Egypt.

We source best materials required as per specification of each project with standard materials made of MDF, MFC, Plywood, Block board, etc . We have two different lines of production. One line caters to Wooden carcasses & doors and the other line caters to the Aluminium Division, which manufactures Aluminium Kitchens. In terms of doors we produce Profile Door, aluminium Frame doors with over than 20 colours or dual colour for each door. We have best sources for the supply of Solid Oak doors, High Gloss PVC Doors, MDF PVC Doors and MDF laminated doors.

We have the capability to offer you top, medium and commercial quality products according to the desired value. Our prices are more competitive and the best available for our quality. If you have any query, kindly contact us at any time and we will be happy to serve you. For projects we can provide samples and catalogues of different varieties. We are looking forward to hear from you.

SIEMATEAK WOODEN WORKS TIMELINE

1993

SIEMATEAK WOODEN WORKS was found in 1993 as a wholesaler of Kitchen Cabinets, Wardrobes, Vanity Units and all Accessories connected to it. We used to procure from various sources and supplied it as one unit. We used to procure Carcasses from various suppliers within UFIE. Doors and accessories were procured from Italy and Spain.

1997

The competition in the market being very high, we had to cut down our prices. Not willing to reduce the quality of our goods, we decided to establish a factory of our own to produce the Carcasses. AL BADRI KITCHEN WORKS LLC. was Founded in early 1997 to produce and supply Carcasses for over 29 companies in URE. In addition, we decided to provide additional service as 'SUPPLIER WITH TECHNICAL SERVICES' . We started to provide technical services with our clients such as Professional Drawings, Technical Drawing and Project Estimation.

1998

We decided to deal with Contractors directly for the reason that many of our clients opened up their own factories. We entered the market with Full force and very soon we established ourselves as reliable" Sub - Contractor". We were able to register ourselves as sub-contractors with Dubai Petroleum: Dubai (Roi Estate and (moor properties. Our main philosophy is to supply high quality kitchens and that is why we were importing doors from Italy and Spain. We have exclusive material suppliers in Italy and Spain who supply their goods only to us in UAE.

2002

We started manufacturing doors for Kitchen cabinets and Wardrobes. We imported postform panels and profiles from Spain and Turkey. We are making doors as per the individual desire of the client.

2003

We established Aluminum Kitchen Line to produce 500 cabinets daily per shift. The Aluminum Line was established mainly because more contractors were opting for Aluminum Kitchens as desired by building owners. This was done to match the commercial demand for this type of kitchens in addition to our MDF section.

2004

We established a Big Showroom for Kitchens and Wardrobes. It is one of the biggest showrooms in Sharjah, which is entirely dedicated to Kitchens and Wardrobes. We decided to tap into the market for individual customers for their villas and flats. The showroom has taken off in grand style exceeding our expectations. Individual clients like the exclusive designs and colours provided by our showroom. We cater to the needs of individual tastes with our highly rated Kitchen Design with our exclusive Kitchen software programs. Worthy of note is that we change the style of our showroom almost every year. At present we are in the process of complete re-vamping of the showroom.

2006

We were registered with Al Nakheel group and have completed work for Abu Dhabi Contracting 24 Buildings for Gammon & 29 Buildings in International City for Al Nakheel. In addition to that we have completed many prestigious projects, a list of which is provided in pro-qualification.

SHOWROOM

We established a big showroom for Kitchens and Wardrobes. It's one of the biggest showroom in Al Ain & Dubai, which is entirely dedicated to Kitchens and Wardrobes. We decided to tap in the market for individual customers for their villas and flats. The showroom has taken off in grand style exceeding our expectations. Individual clients like the exclusive designs and colours provided by our showroom. We cater to the needs of individual tastes with our highly rated Kitchen Design with our exclusive Kitchen software programs. Worthy of note is that we change the style of our showroom almost every year. At present, we are in the process of complete re-vamping of the showroom

PLANS FOR YEAR 2021

The year 2021 is slow for commercial activities, though we are doing many projects at present. We have decided to concentrate on Retail trade to offset the commercial business. We are planning a big showroom within short time in Sheik Zayed Road, Dubai to cater to the Retail market.

“ SIEMATEAK WOODEN WORKS was founded in 1993 as a wholesaler of Wooden Doors, Kitchen Cabinets, Wardrobes, Vanity Units and all Accessories connected to it. We used to procure from various sources and supplied it as one unit.
